Hi John,

Misha at CLP is telling us that all secondary schools need the above app installed on their iPads. I don't see a PII contract with Tracy over this app, do you know anything about it?

Subject: RE: New iPad App questions

This was something Misha asked me to deploy to a specific iPad this week.
Apparently its required on ALL ipads now, and its something she was able to create a shortcut with a link for.
Alicia said the district was working on it and it was not ready until yesterday.
I have no idea either, or exactly what its for, or if we support/deploy... This was the first I heard of it too.

Hi there,

Misha was asking me about this and we have not talked about it at all.

Is this only for Secondary schools?

Why is it being implemented, what does it do, and how soon do we need to deploy it – if we are even responsible for it at all.

Sorry for all the questions.

Software is: EagleEyeED Compliance

Wendy, I'll include Misha so that I don't mis-translate!

Hi Misha, I was hoping you might be able to help me with this one. We are trying to get to the bottom of this app for the iPads you had asked me about.

I know you had created the link already, but we'd like to have more info, as it appears this was not communicated through IT.

So sorry for the trouble, thank you!

Hi Hayden,

I just wanted to follow up with you about a site walkthrough for the daily security snapshot. Matt received feedback last week that many sites were not interested in having individual walkthroughs. Since you and I had initially discussed having a walkthrough at Werner I wanted to see how you were feeling. Do you still want to have Matt come by and walkthrough the survey? If so I will get it scheduled prior to the 17th when the app is launched.

Thanks!

Hello
and Welcome to Safer School Solutions!

We
are excited that you have been chosen to participate in your district's pilot program. A new account has been created for you to access the EagleEyED™
Mobile and Web Application. Please see the attached login and password creation instructions.

Web

Application -

<https://saferschoolsolutions.com/>

Mobile

Application - Download the App
from your iOS or Android App store.

The EagleEyED™

App icon looks like this

Please note:

Currently, your district will be using the Web
App to complete your Daily Site Snapshot. You will receive an email notification with instructions when to download
and begin using the EagleEyED™
Mobile App.

Also

attached is the Safer School Solutions
EagleEyED™

User Guide - Daily Site Snapshot Instructions
to walk you through completing your Daily Site Snapshot.

If you are not aware of this pilot program, or did not request this access, please forward this email to customerservice@saferschoolsolutions.com.

For any support questions please email customerservice@saferschoolsolutions.com.

Thank
you!

Hi again,

I wanted to clarify information around the site visits next week. Monday (ES – Kruse), Wednesday (HS – FCHS), and Friday (MS – Webber) we are having grade level walkthroughs. The intention is to have all ES pilot sites attend at Kruse, MS pilot sites attend Webber, etc. After talking with the group today we would like to also meet individually at all sites. Since we may not be able to fit all site visits in prior to 10/3, please plan on attending one of the three group sessions next week. Those sessions will provide enough guidance to get you started on collecting data the following week. We hope to have all individual sessions completed by 10/7.

Kirk, Bryan, and Penny – Since we will be at your sites for the group walkthroughs, we will not have an individual walkthrough unless requested.

Hopefully that clears up any confusion. I will start scheduling individual site walkthroughs this afternoon.

Thank you, have a great rest of your day!

Subject: EagleEyED Walkthroughs

Hi again,

I wanted to clarify information around the site visits next week. Monday (ES – Kruse), Wednesday (HS – FCHS), and Friday (MS – Webber) we are having grade level walkthroughs. The intention is to have all ES pilot sites attend at Kruse, MS pilot sites attend Webber, etc. After talking with the group today we would like to also meet individually at all sites. Since we may not be able to fit all site visits in prior to 10/3, please plan on attending one of the three group sessions next week. Those sessions will provide enough guidance to get you started on collecting data the following week. We hope to have all individual sessions completed by 10/7.

Kirk, Bryan, and Penny – Since we will be at your sites for the group walkthroughs, we will not have an individual walkthrough unless requested.

Hopefully that clears up any confusion. I will start scheduling individual site walkthroughs this afternoon.

Thank you, have a great rest of your day!

Hi Jessie,

Sure! I'd love to have a walkthrough, if for no other reason than to get him out of your hair! Seriously though, I am fine either way. If he does want to come out, I have a lot of availability on the 13th. No worries if he is too busy though. I can figure it out. ☺

Thanks,
Hayden

Subject: EagleEyED Site Walkthrough

Hi Hayden,

I just wanted to follow up with you about a site walkthrough for the daily security snapshot. Matt received feedback last week that many sites were not interested in having individual walkthroughs. Since you and I had initially discussed having a walkthrough at Werner I wanted to see how you were feeling. Do you still want to have Matt come by and walkthrough the survey? If so I will get it scheduled prior to the 17th when the app is launched.

Thanks!

Subject: RE: EagleEyED Walkthroughs

Good morning,

Hope your week is going well. We have received word from Safer Schools that their work is being affected by the hurricane in Florida and the application will not be ready until October 17. If you want to continue the plan of starting data collection on the 3rd, please do. But if you prefer to wait until the app is ready, that is fine too. We have had two good meetings this week, with a final meeting on Friday. There has been some great feedback to Safer Schools for changes to the survey. We will submit those early next week and they should be in the app on the 17th.

Please let me know if you have any questions.
Matt

Good morning!

Hope you all had a great weekend. I talked with Brian and he is not comfortable with taking the practical part out of the RHF process. Staff must have hands-on experience on how to react in a time of crisis. It's why we do fire and lockdown drills in the same manner.

I will be discussing this with our safety and security team and also asking Brian Katz with Safer School Solutions if there are other methods we can use to get the same outcome. For now, we will need to plan on having enough time at the in-person training to practice preparedness.

Thanks,
Matt

My suggestion is that we still try to keep the total time to 60 minutes. It will be tough to find more than that and get all secondary done in one year. Can the Slide deck info be kept to a minimum and leave 40 minutes for practice and time to debrief?

Traci

I agree with Traci and would love to see it in 60 min, if possible.
